Your place to thrive

Combining lush greenery, striking architecture and state-of-the-art learning and research facilities, our University is an inspirational place to live, work and study.

A strong sense of community

University of Nottingham Malaysia is characterised by its strong sense of community. This is created by approachable staff, a welcoming student body, excellent support services and a wide range of activities to help you meet new people and feel at home.

A truly Malaysian setting

We are based on a self-contained site near Semenyih in the state of Selangor, 30 kilometres from Malaysia's capital city, Kuala Lumpur (KL). The beautiful setting and state-of-the-art teaching, learning, research and leisure facilities combine to make an inspirational environment for studying and student life.

Transport is available from the campus to the nearest bus and rail stations, providing easy access to KL and the surrounding region. Kuala Lumpur International Airport is just a 30-minute drive away, making it an ideal base to travel locally or abroad.

Amenities for your convenience

Our self-sufficient campus provides students and staff with a range of amenities. Facilities include:

- 24-hour computer labs
- Convenience stores
- Extensive library
- Health centre
- Prayer facilities
- Sports complex

Prayer rooms are available 24-hours a day for Muslim students, with a free bus service provided to the mosque in Semenyih for Friday prayers. Buddhist, Christian and Hindu places of worship can be found in Semenyih and university facilities are also available to support and host these activities.

Eat, drink and socialise

The campus has an indoor and outdoor food court based in the Students' Association Building. It has recently been extended and renovated providing a wide choice of food for all tastes. The University has also created social and learning hubs for students in the Students' Association Building and around the campus. These are perfect places to relax and catch up with friends.
